Two more die on Nebraska roads

By United Press International

Two persons died Friday night and early today in separate one-car traffic accidents at Waterloo and Columbus.

A National Guardsman from Wichita, Kan., was killed early today when his car was impaled on a bridge railing near Columbus.

Near Waterloo, Dr. Robert C. Byers Jr., 43, Fremont, whose wife died in a traffic crash a year ago this month, was killed instantly when his car hit a tree

The Wichita guardsman killed was Samuel J. Kirchner, 20. He was en route from Wichita to Camp Ripley, Minn., and his group had stopped at Columbus overnight.

Riding in the car and hospitalized with injuries were Mrs Margaret Soullier, 43, Columbus, and Renee Alexander, 25, Columbus

A steel railing pierced the car from front to back as it hit the side of a bridge over the Loup River Public Power District canal on a county road northeast of Columbus

A cutting torch had to be used to free the body from the wreckage The accident occurred about 3 a.m about three miles north of Columbus.

Byers was killed when his car went out of control on U.S 275 half a mile south of here The car careened 237 feet off the highway and hit a tree, killing Byers instantly.

Maridee Realph, 24, Fremont, a passenger, was injured and reported in fair condition today at a hospital with multiple injuries

Mrs Byers was a passenger in a car driven by Byers a year ago when it went out of control and hit a culvert north of Fremont Byers was injured in the crash Byers also had been seriously injured in 1948 in a two-car crash near Omaha

The two deaths brought the state's death count for the year to 143, compared with 140 a year ago today

Northern makes big tax payment

PALMYRA — (N-P) — The Northern Natural Gas Company has remitted $45,638 to the Otoe county treasurer as final payment on its property tax for 1961

The full years tax of $91,274 also covers the distribution system of Northern, retail division and People's Natural Gas at Palmyra

Tim Bates People's local manager at Ashland said the total compares with $20,959 paid ten years ago

Otoe County's share of the tax is part of $763 607 paid for the year in 26 Nebraska counties

Northern is a wholesale natural gas transmission firm with lines in 10 states traversing the Midcontinent from near the Mexican border almost to Canada

Some 1,900 miles of Northern s 16,500-mile system are in eastern Nebraska At the end of 1961 People's Natural Gas was serving 38 communities in the state

Kansas City bids for League franchise

KANSAS CITY, Mo. (UPI) — Bidding for the two new American Football League franchises became competitive today with Kansas City's entrance into the race

Warren Lockwood, a financier from Silver Springs, Md., made it a three-way battle for the two franchises Friday when he announced plans to bring one of them here when the league expands to 10 teams in 1963

Only two other cities, New Orleans and Atlanta, Ga., previously had announced plans to seek the new franchises

Lockwood, 40, who has varied investments and publishes a weekly newspaper in Silver Springs, said he will put up $25,000 earnest money for a franchise at the opening of the AFL's summer meeting Monday in Boston

BEEF HANDLER

PROVIDENCE, R I (UPI) — Robert S Hayes 62 is a man who specializes in one type of work

He recently retired after 31 years in a job where he answered any beef that came into the New England Telephone Co

Thursday he started a new job as boss of a farm in Wooster, Ohio where he still will handle beef — this time on the hoof The farm has a herd of white-faced Herefords

Arbor School program readied

The summer program for the Arbor Training center was planned at the Otoe County Retarded Children's meeting Friday evening at the school. The program begins July 11 and runs six weeks at the center. Instructors will be Mrs Lloyd Adkins, Mrs Leyone Casey and Mrs Robert Morton with mothers of the children assisting.

The fund-raising drive for the school, will oe held in Nebraska City from September 4 to 15. The house to house canvass will be Tuesday, September 11.

The out - county drive has been rescheduled for October 1-13.

Mrs Howard Miller, vice president, presided at the meeting, and will be the acting president until Mrs Joe Glover is able to resume her duties. Mrs Glover is in a Wichita, Kan., hospital recovering from serious injuries received in a recent automobile accident.

Committees appointed by Mrs Miller for the 1962-63 year were: institutions, Mrs Robert Morton; historian, Mrs Merritt James; librarian, Mrs Everett Vest; building and grounds, Arnold Liesemeyer, Al Schmitz and Howard Miller

Education board of directors, Mr and Mrs Liesemeyer, Mrs Robert Morton, Mrs Ed Dirks, Mrs Richard Mougey, Mrs Howard Miller, Mrs Joe Glover, publicity, Mrs Al Schmitz, chairman, Mrs Al DeJong, Mrs Edgar Ransdell, Mrs Jack Vallery, Plattsmouth, Mrs Ed Wolcott, Auburn and Mrs Ed Dirks, Talmage and Syracuse

Monthly news letter, Mrs Lloyd Adkins, chairman, Mrs Morton, Mrs Leyone Casey, Mrs Abe Exline, Mrs Ransdell, Mrs Lillian Bowman and program, Mrs Jack Vallery

The board will meet on July 20 and general meeting will be July 27

The buck ends here ....

By Ivan D.E.B.

I agree with most that Americans have the best, finest tuned and smoothest running automobile engines on the market, but podner, they're outdated, ou'moded and it's past time for a change

-:- -:- -:-

Since the first piston combustion-type engine was developed, the only difference has been improvement The engine is basically the same as it was at the turn of the century There ought to be some type of gismabob to substitute for the engine.

-:- -:- -:-

For that matter the gas kitchen stove is much the same as it was 25 years ago look at the maze of electric and telephone lines stretched between poles

I'm not saying we are backward in progress just a little pokey

-:- -:- -:-

It might be well to mention that although the school bond issue failed to carry, only 46.6 per cent of the voters were opposed to it

There were 181 more votes cast in favor of the issue than against it The issue received 53 4 per cent of the votes cast for a record high in past issues, but majority does not rule, so the issue failed.

Had President Kennedy received that high a majority, his election would have been labeled a landslide

-:- -:- -:-

Just about the time someone invents some machine or gimmick and tries to make it safe and workable, some one else tries to make it death-defying

Take parachuting for instance Man had been trying for years to fly and when he finally got it figured out, the idea of trying to save the pilot came along and the parachute was the clincher

Parachutes were used by the thousands during past wars, and the sport of sailing through the air — with the assurance you won't splatter over the ground — has been picked up by daredevils, such as you will see Sunday afternoon at Grundman airport

-:- -:- -:-

Free fall parachuting has a purpose as far as the military is concerned — a fast drop and accuracy on the target It's a frightful thing when you think of falling through the air at 100 or 150 mp h, but to 'chutists, it's a great sport

The biggest jump most of us make is from the bed to the floor when the alarm screams bloody murder

See you Sunday Don't forget to take a Sabin sugar lump.

Nehawka 4-H clubber Mary Lindsey tells of busy week

Miss Mary Lindsey of Nehawka, 4-H Club delegate.

NEHAWKA — (N-P) — Mary Lindsey, daughter of Mr and Mrs Jack Lindsey of Nehawka, has returned from attending the 46th annual Nebraska 4-H club Week held recently at the Nebraska Center for Continuing Education in Lincoln.

Miss Lindsey reviews the week

After registration everyone headed for their rooms to see how many beds could be short-sheeted before others arrived The afternoon was spent in group meetings From there the delegates attended special interest groups.

Tuesday evening was the group mixer Anyone who had not made dozens of new friends by the end of the evening was given the name of a good psychiatrist

Curfew was sounded each night at 11 and doors were locked, (of course there were always a few stragglers), and lights were out at 11:30 p m, but that doesn't mean anyone went to sleep then

Wednesday and Thursday were filled with tours of downtown Lincoln and a little shopping thrown in. The Planetarium, Morrill Hall, State Historical Society, and the Capitol were visited

Wednesday evening the Lincoln Jaycees held a banquet in our honor at the Lincoln Hotel ballroom Ed Sullivan gave the welcome, I was privileged to give the invocation, Elton Lux spoke and Jimmy Sneed from the Playboys sang

Thursday evening began by a picnic An impressive flag lowering was followed by dancing to the music of Northeast High Rockets.

Bright and early Friday morning the group boarded the train to Omaha No depot for us though we unloaded right in the heart of the stockyards, where our day began We were then divided into groups Our group of 11 visited the Northern Natural Gas Company, where we were treated royally We toured the building, were fed, and saw a movie before going back to the stockyards Here we were again served a banquet When we boarded the train back to Lincoln, we felt like the well known fatted calf

Needless to say pandemonium reigned on the train back to Lincoln Then came the sad part, saying bood bye to new-made friends

This was a wonderful week, one I am sure I will never forget. I want to thank the Maple Grove Extension Club who honor Miss Evelyn Wolph by making this trip possible to the 4-H ers of the community

NEHAWKA

Mrs F. O Sand

Mrs Jack Lindsey and Mary and Mrs Jake Stapert and Mrs Weldon Stoehr attended the demonstration on wool sewing and pressing at the county office at Weeping Water Monday afternoon

David Lindsey, who is working as a geologist with the Texaco Company, with headquarters at Farmington, N.M., is now at Chinlee, Ariz., on the Navajo reservation He writes the life of the Indians is very interesting
