LEGAL NOTICES

PROPOSALS FOR FURNISHING DIESEL FUEL NEBRASKA CITY UTILITIES JULY 6, 1963

Notice is hereby given that the Board of Public Works of the City of Nebraska City, Nebr , will entertain proposals at the office of the Nebraska City Utilities until 5 p m July 22, 1963, for the furnishing of diesel fuel for use in the diesel power generating plant at Nebraska City.

Amount to be purchased—250,000 gallons (10% more or less) to be delivered as ordered by purchases during twelve (12) months following date of acceptance of proposal

Delivery point — storage tanks adjacent to Nebraska City Diesel Generating Plant.

All prices quoted will be f.o.b. delivery point—

All propbsals shall be submitted in duplicate on forms provided by the Utilities on or before the time specified above.

Each supplier shall furnish evidence of his ability to furnish a uniform supply of diesel fuel in accordance with the needs of the Utility which are higher in the winter months than during the summer months.

The successful supplier shall have sufficient liability insurance to save the city harmless of any claims or damage arising out of the contract.

The Board of Public Works reserve the right to defer acceptance of any proposal for a period not to exceed 30 days after the proposals are received.

The Board of Public Works reserve the right to reject any or all proposals, to waive informalities or technicalities in any proposals and to accept the proposal which seems to be of the best interest to the Utilities

The Board of Public Works reserves the right to consider such factors as the adaptability of the fuel for use in the diesel engines installed at the power generating plant Proposals will be submitted by the Board of Public Works to the manufacturers of the diesel equipment for their comments and suggestions

Specifications of the diesel fuel proposed to be furnished shall be included with the proposal The apparant successful bidder shall submit samples of fuel which he proposes to furnish to the Omaha Testing Laboratories or any other independent laboratory agreeable to the Board of Public Works, and the results of such test shall be used by the Board of Public Works to determine whether or not it meets their requirements At the discretion of the manager of the Board of Public Works samples may be taken of fuel furnished on this contract and be submitted to the same laboratory for analysis Should the analysis vary more than 10% from the specifications of the fuel proposed then this contract becomes null and void and the Board of Public Works are free to purchase fuel from any source they deem advisable

Any fuel in storage at the diesel plant which has been damaged by deviations from these specifications to the extent that it cannot be used by the Utilities will be removed from the tanks of the Utilities and the cost of the fuel so removed together with any costs incidental to the removal of same shall be borne by the Supplier

The fuel is to be used in two Nordberg Dual Fuel Super Thermal engines, type FSG-168-HSC, 8 cylinder, 4 cycle 327 RPM Units one Fairbanks-Morse Model 30 AD18 dual fuel, 277 RPM unit, and one Nordberg Model TSGL-219-31 dual fuel, 240 RPM unit

Fuel analysis Suppliers may submit any additional information that they wish concerning the fuel but the analysis shall include the following

Gravity — in degrees API
Heat value, — BTU's per pound by calorimeter
Flash point — by Cleveland open cup tester in degrees Farenheit
Water & Sediment by centrifuge in percent by volume
Viscosity in SSU at 100 degrees Farenheit
Carbon residue in percent by weight by Conradson methods, taken on the whole sample, if over 1%, on the 10% bottoms if less than 1% for the whole sample
Ash in percent by weight
Pour point in degrees Farenheit
Cloud point in degrees Farenheit
Sulpher in percent by weight
Corrosion tests by copper strip method
Ignition quality in cetane number by test engine
Distillation in degrees Farenheit for each 10% fraction recovered

The tests should be conducted according to the methods prescribed by the American Society for testing materials in the current edition of the ASTM Standard on Petroleum products and Lubricants as prepared by ASMT Committee D-2

Questions regarding these specifications or the forms for proposals should be referred to the Manager of the Nebraska City Utilities, Nebraska City, Nebr

LEGAL NOTICE No. A-4726

IN THE COUNTY COURT OF OTOE COUNTY, NEBRASKA

In the Matter of the Estate of Anna Schretter, Deceased

The State of Nebraska, to all persons interested in said estate, creditors and hairs Notice is hereby given that Louise Conley filed a petition on July 17, 1963, alleging that Anna Schretter died intestate September 3, 1950, a resident of Otoe County, Nebraska, the owner of an undivided one-half (1/2) interest in the Northeast Quarter (NE¼) of Section Five (5), Township Eight (8), Range Thirteen (13), Otoe County, Nebraska,

in which the petitioner derived an undivided one-half interest, that no administrator has been appointed in the State of Nebraska in the matter of the estate of the deceased, that the deceased left no will and more than two years have passed since death, that the deceased left surviving as her sole and only heirs at law, next of kin and only persons interested in said estate, Karl E Schretter, husband and Louise Conley, daughter, all of full age and that the above real estate descended an undivided one-half interest to each of the above in accordance with the law of descent and distribution of the State of Nebraska in force at the time of the death of said deceased.

That said petitioner prays for an order barring claims, for a decree of this court finding the allegations of the petition to be true, for a determination that there are no inheritance taxes due from said estate or from said heirs of said deceased and for a decree that the real estate owned by said deceased at the time of her death descended in fee simple to said heirs as above stated and for assignment thereof to the persons entitled thereto That said petition will be heard on the 19 day of August, 1963, at 1 30 o'clock P.M in this court at which time all persons interested may appear and be heard with reference thereto

Capt Janet Munkres, Weeping Water supporter of the Civil Air Patrol, chaperoned 12 girls in the CAP program during a recent visit to Nebraska City

The Nebraska City cadets who greeted the girls, David Sackles, Bill Roberts, Steve Mason and Larry Wiles were a credit to our town The boys were dressed in uniforms and sparkled compared to the shorts and sneakers worn by the visitors from New Mexico, Oklahoma, Texas and Louisiana

Captain Munkres has worked seven years with the CAP program taking youngsters on tours

Campbell Kropp, president of the Nebraska City Board of Education, noted at the meeting at which Bill Gray was hired as plant maintenance supervisor, that Mr Gray will be in charge of $2 5 million in school properties Quite a chunk

Bill told the board that a number of years ago when he was employed by the government he visited Nebraska City with his wife, liked the town and decided they wanted to make their home here

Originally from Indiana Bill has worked on construction jobs from Indiana to Colorado and south to the Panama Canal Zone

My ole' sea hoss buddy, Bill Fisher, Cook, was among those in Cook who sprouted long whiskers for the Cook Diamond Jubilee

Bill and I were stationed at Pearl Harbor for a time

He was chided by friends on the color of his whiskers black as the ace of spades quite a contrast to his blond hair

Bill says he has forgotten how to do his "Mr McGoo" imitation, but I'll wager his young son has coaxed him into doing it once in a while

Drop in city levy

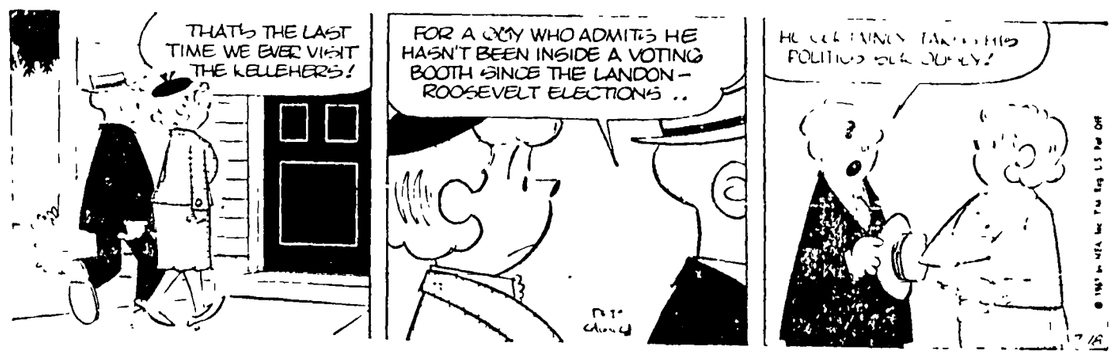

FALLS CITY — A drop of two mills in the city tax levy is proposed by the city council's finance committee To make up the difference a 5% assessment will be made on the gross receipts of the municipal power plant which will bring in $20,000 a year The present arrangement calls for a $500 monthly payment to the general fund in lieu of taxes. So the city levy will be 14 instead of 16 mills
