The buck ends here....

By Ivan D.E.B.

The News-Press printed a three-line story recently about the Basenji dog

If memory serves me correct, the animal is of African breed. The item in the newspaper said the animal was one of the most ancient of breeds and that the dog is barkless.

Yup, that's true

I read a fine book a few years ago and later it was made into a movie starring Walter Brennan The story was about the dog, how it was trained to hunt quail and its most unusual ability to "point" at a distance much farther from a covey of quail than a highly-trained bird dog

I have only seen one Basenji It is owned by Dr. and Mrs A O Gigstad

The Basenji does not bark It makes a sort of howling sound and licks its paws like a cat.

The Gigstads got the animal a number of years ago when the pup was very sick I've forgotten the details, but it seems that the animal had been given up for dead "Doc" Gigstad brought him back to a normal life

Duane Hall seems to have "pull" at the coffee counter and gets served before a couple of others Superintendent Sam Metcalf smokes six cigars a day A pack of filter fags lasts him two days Toastmaster President Tom Hemphill got hitched and I wonder if the other members of the club will corner him with a question on table topics

The towboat information you read in the paper each day is compiled by Del Broers at the U S. Corps of Engineers office, who makes radio contact daily with river boats County Civil Defense Director Ed Harshbarger has received a $30 slide projector and other equipment for a complete program on civil defense just for the asking Wouldn't you know —the gas war ended before I got a full tank

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet A choice of 16 power teams for instance—a 6 and six V8's up to 425 hp optional at extra cost And quieter transmissions Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delco-tron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that's entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

'64 Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior of its Body by Fisher gives you a generous supply of passenger and luggage room. The ride is surprisingly smooth with a rugged coil spring at all four wheels And not so surprisingly for Chevrolet the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost). Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series—seven models in all—at your Chevrolet dealer's.
