The buck Ends here . . . .

By Ivan D.E. Beaumont

Mary Ellen Slack, girls physical education director in the City schools, said she has been very pleased with the interest of young girls in the track competition at Hayward park.

"It just shows that girls can do well in athletic competition," Miss Slack says.

The competition which lasted most of the day, Saturday, showed for example that Cathy Vollmann, 10, daughter of Mr and Mrs Herman Vollmann Jr., outsprinted her other competitions in the 220 yard dash in a recorded time of 35.7 seconds. The Class B state track meet time was 22.5.

Melinda Buchanan, a sixth grader, heaved a six-pound shotput 23 feet 10 inches, much to the awe of the other boys and girls (and a few adult spectators).

The real test in the girls track will come soon at the Junior Olympics at Falls City. "We ought to have had the Olympics here at Hayward park," Miss Slack said. "We've got the finest track facilities in this part of the state."

The school board over the past few years has directed a well laid-out development of Hayward park, including the new stadium and asphalt track. And as was witnessed by a lot of sports fans, Hayward park this year has been the site of many area and district public and parochial school track meets.

As one school board member said, "We've got the facilities and they are being used. That's doing the job for the taxpayers."

Clarence Rankin said signups will be getting under way soon for the summer jobs for boys and girls in the orchards and on farms.

Mr Rankin said he has been very pleased over the years with the number of boys and girls who take the jobs including picking cherries and detasseling corn at 5 a.m.

Actually, Nebraska City and area youths are pretty fortunate. I don't know of another community where so many jobs are available in the summer for so many teenagers.

"It would be interesting to know how much money is earned by the youths sometime," Mr Rankin said. We agreed; the young workers are putting their labors and earning back into the economy of the community, surely part of the reason for the prosperity enjoyed in this section of the state.

It will be a time for tears for many mothers, but come Wednesday night there will be a lot of happy and bright-eyed young men and women who will receive their diplomas.

Nebraska City Senior High and Lourdes commencements are Wednesday night at Hayward park and the Lourdes gymtorium at 8 p.m.

There is always the possibility of rain to foul up the Hayward ceremony, but as one senior said quoting the famous General LeMay, "it wouldn't dare!"

Saturday, May 30, will be the day for the annual Memorial Day ceremony at Wyuka cemetery. It's a time to salute those heroes of wars who died defending the principles in which we all put so much trust.

This area has been hit pretty hard with numbers of war dead in the now nine-year-old Vietnam war.

Here are the young men from our area:

— Cpl. Robert L. Kempkes, Palmyra.

— First Lt. Robert Wiesneth, Louisville.

— First Lt. Larry Stark, Lincoln.

— First Lt. James Poggemeyer, Nebraska City.

— CWO Richard Lange, Chesterton, Indiana.

— WO Larry Stoner, Unadilla.

— Staff Sgt. Guy Abbott, Hamburg, Iowa.

— T-Sgt. Richard Glittinger, Talmage.

— Sp-5 Ronnie Moore, Plattsmouth.

— Lt. Larry Betts, Nebraska City.

— Sp-4 Robert Harris, Percival, Iowa.

— Sgt Charles Hein, Sidney, Iowa.

My high school Class of '48 will hold its reunion Saturday night at Washington, Kansas, in the new high school. Millie and I are looking forward to attending the banquet.

Up on the North 40

The onions, radishes and potatoes have been doing fine, but moisture is needed for the sweet corn, tomatoes and pepper plants in Al Gibbs' neighboring lot which we "farm" each year.

The Willard Whites are settled in their new home on North Tenth street and always seem to be working evenings in their well-groomed yard.

The Merle Lindseys and Gary Grays have planted a number of shrubs around their homes and I understand another one of those gas barbecue grills is being installed in the neighborhood, and that ought to please Bill Brockley of Utilities.

Many of us were saddened with the death of Cindy Mabie, 18, daughter of Mr and Mrs Ted Mabie, who live in the former Hammond home south of town.

Cindy died Saturday of injuries sustained in a car-truck accident May 20 in Nebraska City.

She was a talented and well-liked young person.

We enjoyed her voice in church choir and were pleased when she was accepted for audition with the Spurrlows, the nationwide singing group of teenagers who appeared at Senior High recently.

Cindy is missed by her friends.

Rodney Cushing, the trombonist and Lennie Lahman, the drummer, were selected to attend a band festival at the University next month.

Girls compete in track meet

A total of 110 girls participated in the first girls track meet held at Hayward park Saturday.

Thirty-five girls competed in the Junior High and 75 grade school girls.

Coach Mary Ellen Slack's comments were enthusiasm, good sportsmanship and cooperation were shown by the girls.

This looks like an annual event coming up for next school year.

"Girls need competition just like the boys do. Next year grades four through nine will try to have invitational track meets. Our problem is to be able to use the track when not in use by others. Saturday was the first time some of the girls had a chance to run on a track. Practices had been on the grade school playgrounds and Junior High grounds.

"Very good times on the dashes, relays. Good distances on the long jump and shot put."

A lot of familiar names such as some of the coaches names were repeated by their daughters. The fourth grade 220 yard relay were all girls whose fathers are teachers in the Nebraska City school system.

The main purpose of the track meet was to give the girls a chance to run on a track before they compete two weeks from now at the Junior Olympics to be held at Falls City on June 6.

One girl, Toni Witty, with a cast on her right broken wrist - didn't seem to mind the extra weight of plaster - she won four first places.

Girls were given ribbons for first, second, third, places. Ran out of ribbons too many entries.

A lot of sore muscles, tired feet, skinned knees, elbows, but a good time and fun by all who participated whether they won or lost.

Bob Mobley was the starter for the meet. Pam Mobley assisted.

FIRE CALL — Firemen were summoned to the home of Mr and Mrs Ron Newby, 1104 South Third street, Sunday. Newby said he was burning old lumber from an old garage he was tearing down when a strong wind started spreading the fire. The fire department doused the blaze.

'Second coming of Christ near'

KNOXVILLE, Tenn. (UPI)— Evangelist Billy Graham said Sunday he believes the second coming of Christ "is relatively near."

"all the signs are now in place," Graham told a crowd of 62,000 at the University of Tennessee football stadium.

Graham said numerous signs are to be found today fulfilling the biblical teaching on when Christ is to come again. Some of these signs, he said, are worldwide rebellion,, greed and "problems for which there are no human solution."

Famous couple having trouble

ATHENS (UPI) — Aristotle Onassis and his wife, the former Jacqueline Kennedy, kept out of sight in Athens today amid reports of matrimonial trouble.

The couple arrived by plane from Paris Sunday after Mrs. Onassis made a surprise flight from New York to Paris. London newspapers said she was furious over printed reports that her husband had been seeing his former companion, opera star Maria Callas, in the French capital.

Other reports said Onassis had agreed it would be best for all concerned if he no longer met with Miss Callas, whom he has described as "a very good friend."

LOTS OF BRASS
WASHINGTON (UPI)—There are now 513 Army generals—about 50 per cent more than before the Vietnam War.

Part of this is due to the increased size of the armed forces and part of it is due to the fact that promotions come more quickly in times of combat.

Bandit killed in grocery store

CLARKSBURG, W.Va. (UPI) —One of three would-be robbers was injured fatally and two policemen were wounded in a blazing gun battle early today at a grocery store. Two bandits who were not injured, one of them a woman with short blonde hair, fled through a rear door, eluding police.

MAINE CHILLY
NEW YORK (UPI) — The highest temperature reported Sunday by the U.S. Weather Bureau, excluding Hawaii and Alaska, was 101 degrees at Buckeye, Ariz. Today's low was 27 degrees at Houlton, Maine.
